

REMARKS

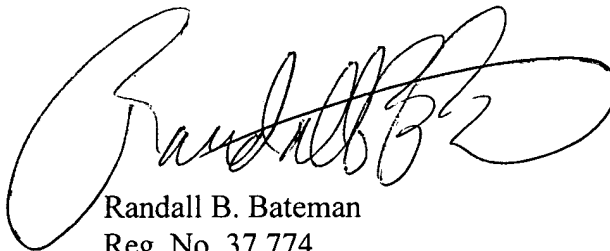

In the Office Action dated October 6, 2003, the examiner objected to the specification, objected to claims 34-37 on the basis that they depend from canceled claims, maintained the restriction requirement and indicated that claims 34-87 filed in the first Preliminary Amendment (renumbered as 38-91) were allowable over the prior art.

Applicant has amended the specification to remove the references to the claims objected to by the Examiner. Applicant has also canceled original claims 34-37 and renumbered claims 34-87 filed in the first Preliminary Amendment as claims 38-91, correcting dependencies in the process. Applicant has also canceled renumbered claims 92-98. It is therefore submitted that the application is in condition for allowance.

If any further action is required, it is requested that the Examiner contact Applicant's counsel at (801) 533-0320.

The Commissioner is hereby authorized to charge any amount owing or credit any overpayment to Account No. 502720 throughout the pendency of this case.

Dated this 17th day of May, 2006.
